Our New Learning Space

It has been an exciting week seeing our new learning space being built! The new space will be finished by the end of next week and it will be set up ready for the children to use when they return after the Easter holidays. Thank you for your continued patience whilst this work is taking place.

You may have seen in the pictures shared of the building that there was a type of astro turf on the floor. Our finished flooring will be a different material so that we are able to keep the floor clean.
