

Easter 13.3.26

Next week the children will start learning about Easter.
This weekend find some time to watch these clips together and talk about what you see.

[Watch an animated video telling the Easter story for children - CBeebies](#)

[How Easter is celebrated for kids - CBeebies](#)

If you have time:

- Visit a shop/supermarket and look for some hot cross buns. I wonder what you see on the top of the hot cross buns.
- Buy some hot cross buns to take home and eat together.
- Talk about what the hot cross buns feel like, smell like and how they taste. I wonder what the small round fruits are in the hot cross bun.
- Toast a hot cross bun and talk about how it changes when toasted.
- Look for raisins and currants in the supermarket or in the cupboards at home. Talk about what you see inside the packet. I wonder how raisins are made.
