

Revision mat

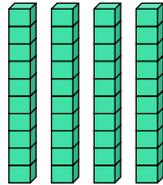

Block 3 Week 1

Equal groups
Multiples of 2, 5 and 10

Activity 1

Describe these equal groups

There are groups of 10

$$\boxed{10} + \boxed{10} + \boxed{10} + \boxed{10} = \boxed{\quad}$$
$$\boxed{\quad} \times \boxed{10} = \boxed{\quad}$$

Activity 2

Finish the array

There are 6 groups of 5.

$$\boxed{\quad} \times \boxed{5} = \boxed{\quad}$$

Activity 4

Shade all the multiples of 5

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Activity 5

Circle all the multiples of 10

45 100 55 18
130 80 20

Activity 3

Fill in the missing multiples of 2

18	20		24		28		32	16	14		10		6		2
----	----	--	----	--	----	--	----	----	----	--	----	--	---	--	---

Revision mat

Block 3
Week 2

Sharing and grouping Multiplying and dividing by 3

Activity 1

grouping

Chris is packing lanterns in boxes of 2.
How many boxes will he fill with 14 lanterns?

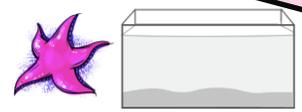

14

Activity 2

sharing

There are 30 starfish.
I split them equally between 5 tanks.
How many starfish are in each tank?

30

Activity 3

I have 6 buckets with 3 shells in each bucket.

How many shells do I have altogether?

$$\boxed{6} \times \boxed{3} = \boxed{}$$

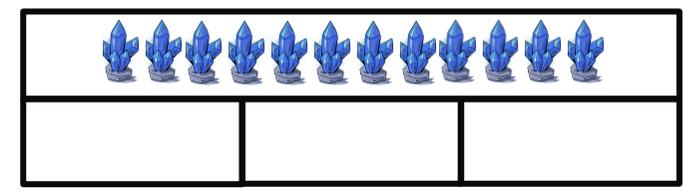

Activity 4

sharing

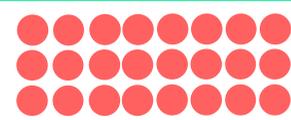

12 crystals are shared between 3 friends.
How many diamonds do they each get?

$$\boxed{12} \div \boxed{3} = \boxed{}$$

Activity 5

Use this array to write the facts.

$$\begin{array}{l} \boxed{8} \times \boxed{3} = \boxed{24} \quad \boxed{} \times \boxed{} = \boxed{} \\ \boxed{24} \div \boxed{} = \boxed{3} \quad \boxed{} \div \boxed{} = \boxed{} \end{array}$$

Revision mat

Block 3
Week 2

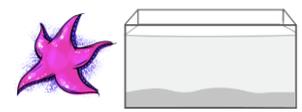

Sharing and grouping
Multiplying and dividing by 3

Activity 1

Chris is packing lanterns in boxes of 2.
How many boxes will he fill with 14 lanterns?

Activity 2

There are 30 starfish.
I split them equally between 5 tanks.
How many starfish are in each tank?

Activity 3

I have 6 buckets with 3 shells in each bucket.

How many shells do I have altogether?

$$\square \times \square = \square$$

Activity 4

12 crystals are shared between 3 friends.
How many diamonds do they each get?

$$\square \div \square = \square$$

Activity 5

Use this array to write the facts.

$8 \times 3 = \square$	$\square \times \square = \square$
$\square \div \square = \square$	$\square \div \square = \square$

Revision mat

Multiplying by 4 and 8

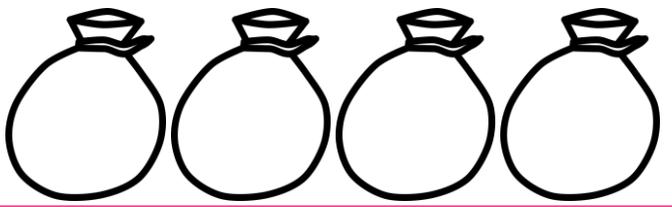

Block 3 Week 3

Activity 1

Sky puts 6 diamonds in each bag. If he fills 4 bags, how many diamonds are there altogether?

$$\boxed{4} \times \boxed{6} = \boxed{}$$

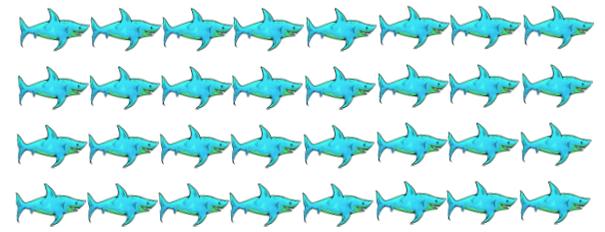

Activity 2

32 sharks are split equally between 4 groups. How many sharks are in each group?

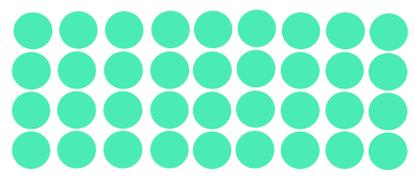

$$\boxed{32} \div \boxed{4} = \boxed{}$$

Activity 3

Use this array to write the facts.

$$\boxed{9} \times \boxed{4} = \boxed{36}$$

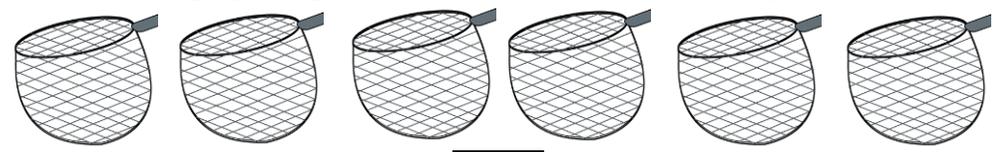

$$\boxed{} \times \boxed{} = \boxed{}$$

$$\boxed{36} \div \boxed{4} = \boxed{} \quad \boxed{} \div \boxed{} = \boxed{}$$

Activity 4

Work out the total.

There are 6 nets. Each net contains 8 jellyfish. How many jellyfish are there altogether?

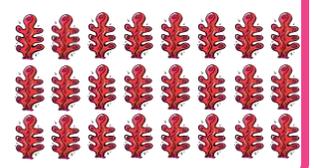

$$\boxed{6} \times \boxed{8} = \boxed{}$$

Activity 5

There are 24 strands of seaweed. If they are put into bunches of 8, how many bunches will there be?

$$\boxed{24} \div \boxed{8} = \boxed{}$$

Revision mat

Multiplying by 4 and 8

Block 3 Week 3

Activity 1

Sky puts 6 diamonds in each bag. If he fills 4 bags, how many diamonds are there altogether?

$$\square \times \square = \square$$

Activity 2

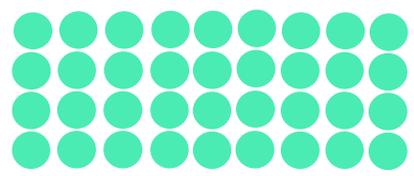

32 sharks are split equally between 4 groups. How many sharks are in each group?

$$\square \div \square = \square$$

Activity 3

Use this array to write the facts.

$$\begin{array}{l} \boxed{9} \times \boxed{4} = \boxed{} \\ \boxed{} \times \boxed{} = \boxed{} \end{array}$$

$$\boxed{} \div \boxed{} = \boxed{} \quad \boxed{} \div \boxed{} = \boxed{}$$

Activity 4

Work out the total.

There are 6 nets. Each net contains 8 jellyfish. How many jellyfish are there altogether?

$$\square \times \square = \square$$

Activity 5

There are 24 strands of seaweed. If they are put into bunches of 8, how many bunches will there be?

$$\square \div \square = \square$$

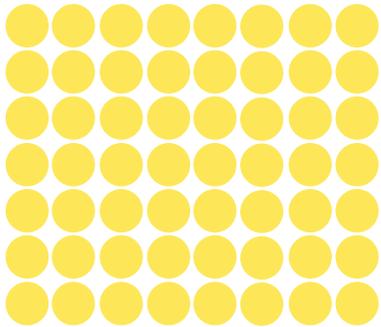

Revision mat

The 2, 4 and 8 times table

Block 3 Week 4

Activity 1

Use the array to write a family of facts.

$$7 \times 8 = 56$$

$$\square \times \square = \square$$

$$56 \div 8 = \square \quad \square \div \square = \square$$

Activity 2

Fill in the missing numbers.

$$6 \times 2 = 12$$

$$6 \times 4 = \square$$

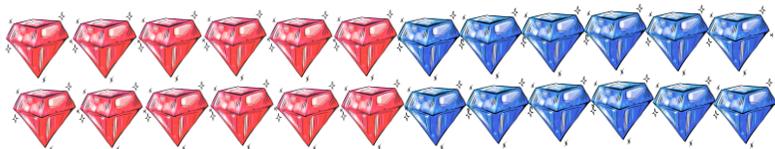

$$6 \times 8 = \square$$

Activity 3

sharing

A bag contains 24 diamonds.
Half the diamonds are red and half are blue.

How many diamonds are blue?

$$24 \div 2 = \square$$

Activity 4

$$4 \times 8 = \square \quad 5 \times 4 = \square$$

$$9 \times 2 = \square \quad 3 \times 2 = \square$$

$$12 \times 4 = \square \quad 8 \times 8 = \square$$

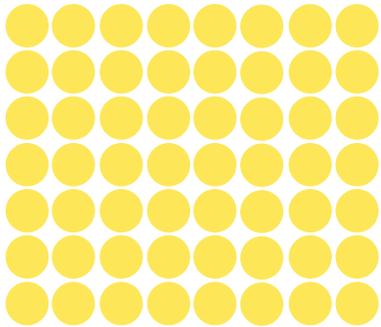

Revision mat

The 2, 4 and 8 times table

Block 3 Week 4

Activity 1

Use the array to write a family of facts.

$$7 \times 8 = \square$$

$$\square \times \square = \square$$

$$\square \div \square = \square \quad \square \div \square = \square$$

Activity 2

Fill in the missing numbers.

$$6 \times 2 = \square$$

$$6 \times 4 = \square$$

$$6 \times 8 = \square$$

Activity 3

A bag contains 24 diamonds.
Half the diamonds are red and half are blue.

How many diamonds are blue?

$$\square \div \square = \square$$

Activity 4

$$4 \times 8 = \square \quad \square \times 4 = 20$$

$$9 \times 2 = \square \quad \square \times 2 = 6$$

$$12 \times 4 = \square \quad \square \times 8 = 64$$
