

As scientists we will ...

- Explore evolution and inheritance. We will look into how animals have adapted over time. We look into how offspring inherit from parents and how animals adapt to environments and changes occur over time.

As writers we will be...

- Creating newspaper reports, writing formal and informal letters, using dialogue, building setting descriptions, creating diary entries, using third person and first person narratives and editing our work effectively

As mathematicians we will be...

- Revising our maths knowledge across all topics
- Building graphs of data that we have collected

As historians we will ...

- Exploring ancient Greeks and how they influence lots of modern day life

As geographers we will ...

- Explore local geography and complete field work.

Using our computing skills we will be...

- Creating media through web page creation
- Continuing our programming using sensing

As Spanish speakers we will be learning...

- How to order food and use vocabulary for in the town.

In PE we are...

- Developing our skills using a bat/racquet and ball in cricket and tennis.
- Improving a range of our athletic sports
- Developing a range of climbing, orienteering and team work skills on our residential

Year 6

Summer Term 2024-2025 Past, Present and Our Future

Our Key Learning Questions

How has history made an impact on our present day?

How can we prepare for our future?

As artists and designers we will be...

- Designing, developing and creating vases
- Developing our skills as programming pioneers using models and computer aided design

In PSHE we will be exploring...

- Relationships: I can discuss significant people in my life and explore what grief means and how power affects relationships
- Changing me: Understand how a baby develops from conception through to birth

Homework:

- Regular reading, spelling practice, TT Rockstars

Preparing for secondary school with quicker hand in dates and changes in when work is set.
