

Design and Technology Topic Overview: Vehicles

Previous linked learning	I think I already know...	I would like to find out...
<p>Yr 1: Moving Mini beasts</p> <p>I can make a sliding mechanism out of card.                      I know what a pivot and lever are.                      I can use a pivot and lever mechanism using card and a split pin.                      I can make a wheel mechanism using card and a split pin.</p>		
<p><b>Key Vocabulary</b></p>	<p><b>By the end of this unit, you will be able to...</b></p>	
<p>Investigate                      Vehicles                      Uses                      Features                      Wheels                      Axles                      Chassis                      Design                      Make                      Evaluate                      Product                      Attaching                      Equipment                      Safely                      Materials                      Tools</p>	<p>To investigate a variety of vehicles and their uses and features.                      To investigate wheels, axles and chassis.                      To be able to investigate ways of creating and decorating the body of a vehicle.                      To be able to design a vehicle.                      To be able to make a vehicle based on a design.                      To be able to evaluate a finished product.</p> <div style="display: flex; justify-content: space-around; align-items: center;">    </div>
