By the end of this unit you will be able to....

- describe how the seasons are linked with the months of the year.
- tell someone when spring is and identify what the weather is like in these months.
- describe the weather during summer and when this occurs.
- identify what the weather is like in autumn and list when this happens.
- Identify what the weather is like in winter and when in the year this occurs.
- review knowledge and compare the four seasons, focusing on the weather.
