**By the end of this unit you will be able to....**

- Explore the Arctic Circle using a map and investigating the countries within the circle.
- Understand the Arctic climate by describing the difference between summer and winter in the Arctic using weather icons.
- Identify the physical features found in the Arctic.
- Know which animals live in the Arctic and where they are found by using and reading maps.
- Explore different Arctic cities and the countries they are found in.
- Compare an Arctic town to a city in the UK.
