

We've got some 'Real Good' news for you if you're a ketchup fan?!

We've added Real Good Ketchup to our new Spring Summer menu.

You probably won't notice it tastes any different to regular ketchup but...

- It contains 88% tomatoes per serving.
- It has 75% less sugar and 80% less salt than other ketchups.
- It's also better for the planet with its recyclable bottles.
